

FOR IMMEDIATE RELEASE

## **WPG Americas Accelerates High-Speed Connectivity Solutions through Credo Partnership**

San Jose, Calif. March 19, 2025 - WPG Americas Inc. (WPGA), a leading distributor of electronic components and supply chain services, is pleased to announce its strategic partnership with Credo, a global leader in high-performance, low-power connectivity solutions.

Credo Technology Group Holding Ltd (Credo) (NASDAQ: CRDO) specializes in delivering high-speed connectivity solutions that are designed to meet the increasing demands for bandwidth in modern networking environments. Their product lines include optical DSPs, linecard gearbox, retimer & MACsec PHYs, Chiplets, and Active Electrical Cables known for their superior performance and energy efficiency.

"Credo's products are at the forefront of innovation," said Chris Miller, President at WPG Americas Inc. "As demand for high-speed data transmission grows across industries, Credo's products will enable our customers to achieve superior performance while optimizing efficiency."

"Partnering with WPG Americas strengthens our ability to deliver high-performance, energy-efficient connectivity solutions to a broader range of customers," said Michael Girvan Lampe, VP of Worldwide Sales & Marketing at Credo. "This collaboration ensures that businesses have access to the most advanced networking technologies available today."

This partnership aligns with WPGA's commitment to providing its customers with access to the latest technological innovations. The addition of Credo's portfolio complements WPGA's existing offerings and supports a wide range of applications across various sectors including hyperscale data centers, telecommunications, and cloud computing.

### **About WPG Americas Inc.**

Headquartered in San Jose, CA, WPG Americas Inc. is a member of WPG Holdings, a \$27.4B worldwide distributor of semiconductors, passive, electro-mechanical, and display products. Founded in November 2007, WPGA is a franchised partner for leading technology suppliers. As a member of WPG Holdings, WPGA is uniquely positioned to offer total solutions to its diverse customer base. WPGA continues to introduce new leading-edge technologies, quality service, and design-in-focus through its superior engineering programs. ### **About Credo**

Our mission is to deliver high-speed solutions to break bandwidth barriers on every wired connection in the data infrastructure market. Credo is an innovator in providing reliable, secure, high-speed connectivity solutions that deliver improved power efficiency as data rates and corresponding bandwidth requirements increase exponentially throughout the data infrastructure market. Our innovations ease system bandwidth bottlenecks while simultaneously improving on power, security, and reliability. Our connectivity solutions are optimized for optical and electrical Ethernet applications, including the emerging 100G, 200G, 400G, 800G and the emerging 1.6T port markets. Credo products are based on our proprietary Serializer/Deserializer (SerDes) and Digital Signal Processor (DSP) technologies. Our product families include Integrated Circuits (ICs) for the optical and line card markets, Active Electrical Cables (AECs) and SerDes Chiplets. Our intellectual property (IP) solutions consist primarily of SerDes IP licensing.
